

CodeItRight online™

Introducing your all-in-one,
easy-to-use online resource for billing
and coding reference materials -
in one powerful application.

DEFINES “STATE OF THE ART” TECHNOLOGY

- Research rules and regulations
- Access relevant newsletter articles
- Search CPT®, ICD-9-CM, and HCPCS Level II codes
- Keep current on Transmittals, Pub 100, MLN matters and other regulatory issues
- Validate combinations of CPT® and HCPCS Level II codes against current CCI (Correct Coding Initiative) data
- Create your very own customized coding publications!

Look inside for details on how CodeItRightOnline™ can help you streamline your coding process and help you deliver quick and accurate results every time.

“Any coder who has juggled their CPT®, ICD-9-CM, CCI, RBRVS and cross-coder books can definitely appreciate CodeItRightOnline™. With the production demands that most of us have, this is my most essential tool to get the job done in a timely manner. My favorite item is the CPT® validation. With a couple of clicks I can view the code description, bundling edits and LCD’s. The software is so user-friendly I was able to use it the first day without any training. I just started in a new specialty and your product was invaluable to me for proper sequencing and CCI issues. Thank you so much!”

— Barbara McCoy, CPC

CodeItRightOnline™ Professional

allows users to quickly access online content from more than 6 coding and reference books in one user-friendly online environment. Even the novice computer user will find it easy to navigate. Here are just a few of the benefits that you'll enjoy with a 12-month subscription to CodeItRightOnline™ Professional:

- **CodeItRight Search** - Search by the Index or Tabular search sections, using code terminology, description, keyword, or number to locate the correct code.
- **CPT® Codes** - Includes full CPT® code long descriptions, our Plain English Descriptions and Medicare's payment policy indicators.
- **HCPCS Level II Codes and ICD-9-CM Codes** - Includes full descriptions and key symbols found in our print versions.
- **Medicare Fee Schedule** - Both a facility and non-facility Medicare fee schedule, it includes GPCI adjustments for your geographic area.
- **Automatic Updates** - Your software will be updated with specific code changes as they occur.
- **Fully Customizable** – Provides personal and enterprise-wide note capabilities and specialty specific code sets to the user. Set up only takes minutes!
- **Print Custom Coding Books** – You will have access to create your own customized specialty specific coding books for printing or saving for offline access.
- **Quarterly Updates** – You will be notified of changes to your codes each quarter, showing you what codes changed and what the code specific changes were. You will also have access to historical changes for the past two years.

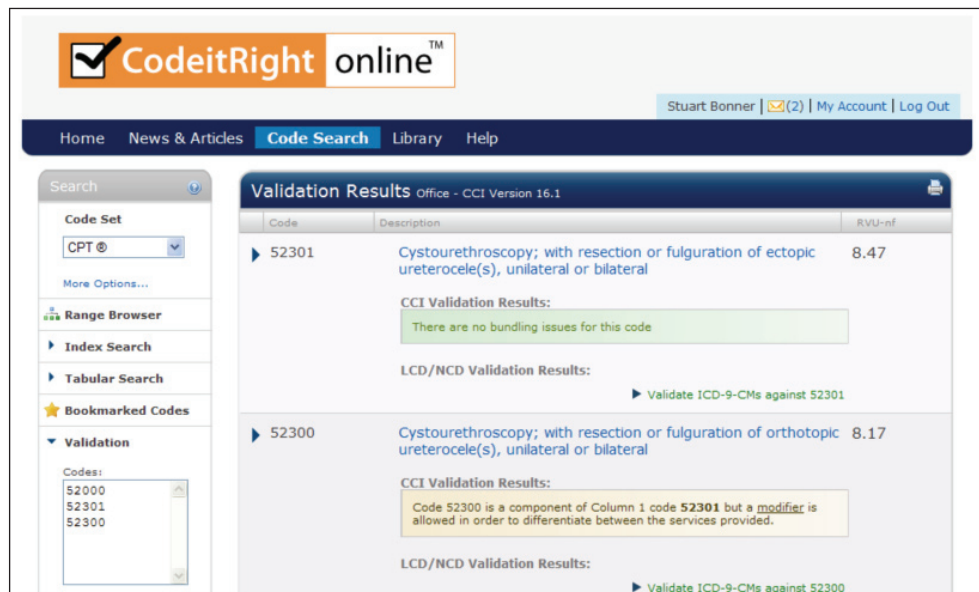

Price: \$149.95

CodeItRightOnline™ Compliance gives you the content of more than 12 coding manuals and all of the benefits of CodeItRightOnline™ Professional, plus:

- **Code Validation** – Enter CPT®, ICD-9-CM and HCPCS Level II codes and get an instant read on any CCI bundling issues or LCD/NCD edits, displayed in RVU order.
- **NCCI Edits** – Each CPT® code is presented with the National Correct Coding Initiative (NCCI) edits in the two-column format with both mutually exclusive and component codes with indicators showing allowable modifier usage.
- **Crosswalks** – Provides essential coding links from CPT® to ICD-9-CM, HCPCS Level II and anesthesia codes.
- **LCD/NCD** – Each CPT® code includes the LCD/NCD codes that are represented by a program memorandum for Medical Necessity for your local carrier.
- **Drug Search and Crosswalk to NDC**

Price: \$399.95

The screenshot displays the CodeItRight online interface. The top navigation bar includes the logo, user name 'Stuart Bonner', and links for 'My Account' and 'Log Out'. The main menu has 'Home', 'News & Articles', 'Code Search', 'Library', and 'Help'. The 'Code Search' section is active, showing a search for 'CPT®'. The 'Validation Results' section is titled 'Office - CCI Version 16.1' and displays a table of results:

Code	Description	RVU-adj
52301	Cystourethroscopy; with resection or fulguration of ectopic ureterocele(s), unilateral or bilateral	8.47
CCI Validation Results: There are no bundling issues for this code		
LCD/NCD Validation Results: ▶ Validate ICD-9-CMs against 52301		
52300	Cystourethroscopy; with resection or fulguration of orthotopic ureterocele(s), unilateral or bilateral	8.17
CCI Validation Results: Code 52300 is a component of Column 1 code 52301 but a modifier is allowed in order to differentiate between the services provided.		
LCD/NCD Validation Results: ▶ Validate ICD-9-CMs against 52300
